"THE GREAT NATURAL INDUSTRIES OF CANADA".

Scenic- Screen time 15 minutes.

This Essanay scenic reel shows the incalculable magnitude of Canada's timber areas; revealing logging methods on the Nashwaak River near Frederickton, New Brunswick - a thrilling occupation of the river drivers, who must possess accuracy of eye, certainty of step and unflinching courage. You will also see the gigantic paper mills, saw mills and their operation by electricity. The procuring of asbestos is also interestingly revealed, showing how the fibrous stone is dynamited from pits and the intricate process by which asbestos curtains are made.
